As we quickly approach the end of the 2015-2016 school year, our graduating seniors are on my mind. Being a parent, and having experienced “senior year” myself, I know what families are going through. It’s certainly a time of celebration, but this experience can be quite sobering, as well. As a parent, you quickly realize that things begin to look different. Life, as you have experienced with your senior, is changing rapidly.

To the Class of 2016, I want to tell you how proud I am of you. Your group has led our student body with many achievements and accomplishments. From club activities, to athletics, to band, to academics, you have accomplished much. I have been able to brag to many in our community about all of your triumphs and endeavors.

Now, you are heading out into a big world. Remember where you came from. Remember the community that believed in you, supported, and encouraged you.

I challenge you now. I challenge you to be true to yourself. Traits such as character, honor, and integrity are essential to being a strong citizen. More importantly, be truthful in all that you do. If you lose the trust of others, it is so hard to get back. A person of character is one who is moral, honest, and ethical. Don’t compromise your beliefs just because it is easier than standing up for what is right.

In this world, you will have the opportunity to take many shortcuts. It takes a very strong person to live the path that leads towards a life of honor. I challenge you to be that strong person. I challenge you to truly make a positive impact in our world.

GEORGE WEST PRIMARY AND GEORGE WEST JUNIOR HIGH IN GEORGE WEST ISD

RECOGNIZED BY FOR HIGH ACHIEVEMENT IN STUDENT SUCCESS

*Texas Districts Selected for Prestigious Honor Roll issued by
a national campaign of business and education leaders*

Superintendent, Ty Sparks, announced today that both **George West Primary** and **George West Junior High** have been selected by Educational Results Partnership (ERP) and the Institute for Productivity in Education (IPE) as one of 713 public schools in Texas to receive the title of 2015 Honor Roll school.

The Honor Roll is part of a national effort to identify higher-performing schools list and highlight successful practices that improve outcomes for students. Schools receiving this distinction from leaders in the Texas academic and business communities have demonstrated consistent high levels of student academic achievement, improvement in achievement levels over time and reduction in achievement gaps among student populations. For High Schools, the Honor Roll recognition also includes measures of college readiness. The Honor Roll is comprised of two different awards, the "Star Schools" Award and "Scholar Schools" Award.

Star Schools are those with significant populations of socio-economically disadvantaged students that have shown a significant increase in grade-level proficiency over time. Scholar Schools are schools that are showing significant levels of academic achievement, but do not have a significant socio-economically disadvantaged student population.

"We are so proud to be recognized by leaders in the Texas business community as an Honor Roll school," said Ty Sparks, Superintendent. "Our teachers and administrators work tirelessly to keep the focus on high expectations and student academic achievement and to continuously improve our practices. This hard work and dedication is paying off for all of our students, no matter their background."

"The connection between economic and educational productivity is very real and critically important," says Charles Miller, chairman of the Institute for Productivity in Education (IPE). "Shining a light on schools that work is a great first step, but we must also learn more about their financial data if we want the biggest bang for our education buck. With accurate academic and financial data, Texas can build a system that rewards productivity by giving schools the flexibility to reallocate resources for maximum student benefit. The Honor Roll is a powerful start."

"The American education system has a secret. Many schools are doing well ... the Honor Roll proves it. Students are achieving at higher levels than anyone admits and more students than ever are succeeding when given the opportunity," said Jim Lanich, ERP president and CEO. "All schools, no matter what zip code they are in, can achieve this kind of success and leadership from the business community is critical to ensuring successes for all students."

Primary Students Get Laughs

Nacho Estrada, ventriloquist, visited the primary school last week. Mr. Estrada challenged students to use their imaginations to create toys and make believe stories. Additionally, Estrada encouraged the third graders to believe in themselves as they took the STAAR test. He told them to sit straight and tall so that blood and energy will get to their brain. Estrada continued to inspire our students using humor and love.

Lauren Carroll was elected as Region V VP of Parliamentary Law. Each member choosing to run for an office had to prepare and memorize a one minute speech focusing on the theme "Connect and Commit," answer one thought and one fact question, and participate in an interview with a nominating committee.

Mrs. Kristy Keach, instructional facilitator at GWHS, was selected as an Honorary Member of FCCLA. This is one of the highest honors within FCCLA. She has been an invaluable asset to the success of our organization.

FCCLA Attends State Conference in Dallas

Natalie Carroll

Twelve George West FCCLA chapter attended the State FCCLA conference in Dallas, April 6-9th. Mollee Hermann, Anna Crawford and Kylie Wallace placed 6th in their STAR event called Chapter Service Project Portfolio Senior. They organized a project which recognized teachers and employees in our school district. The purpose was to spread acts of kindness and acknowledge the efforts our wonderful staff who contributes countless hours towards the youth in our community.

Three other teams competed at the state level in STAR events including Erin Nance who advocated for the rights of Alzheimer's patients, Sahara Wills and Maddie Cox who promoted and publicized FCCLA to include hosting the first annual George West alumni basketball game, and the team of Maggie Upton, Tiffany Cortinas and Janelle Gass who taught the primary students to grow their own garden and choose healthy snacks. Natalie Baird and Kailey Keach took FCSSA's (Family and Consumer Science Assessments). Natalie placed bronze in job interview and Kailey placed silver in etiquette. Lauren Carroll also attended as the Region V VP of Parliamentary Law and represented our Region at the conference. Mrs. Kristy Keach also attended and was recognized at the State level for her being selected as an honorary FCCLA member.

Fulfilling the "Need for Speed"

It isn't often that both girls' and boys' varsity programs earn district titles in the same sport. It is an even greater rarity that girls' varsity, boys' varsity, girls' junior varsity, boys' junior varsity, girls' 8th grade, boys' 8th grade, girls' 7th grade and boys' 7th grade ALL earn championships in the same season. George West ISD has beaten the odds and achieved outstanding honors in track and field this year. Both varsity and junior varsity teams won district in Mathis on April 13 and 14, while all four junior high teams garnered their wins on April 2 in Odem.

Congratulations to all the student athletes for their hard work and efforts and to the coaching staff for fine-tuning, teaching, and guiding their team members to these honors. The future of track and field in George West is looking bright, and the success of this program will reflect onto other sports. Many of these students participate in multiple sports and other extra-curricular activities, as well as earning academic accolades each six weeks. Hats off to parents, teachers, and principals for supporting these young people in their endeavors. *Hook 'em, Horns!*
